

WK15 Laser Marking Workstation

Full Size Desktop Laser Safety Enclosure

The WK15 is a fully enclosed Class 1 safety laser marking workstation.

This system can house a variety of our laser markers including our entire line of Lasonall™ laser markers.

The WK15 has a small desktop footprint but still offers users a large work envelope like that of larger floor mounted units.

Many accessories are available for the WK15 system including fixtures, rotary devices, fume extraction units and more.

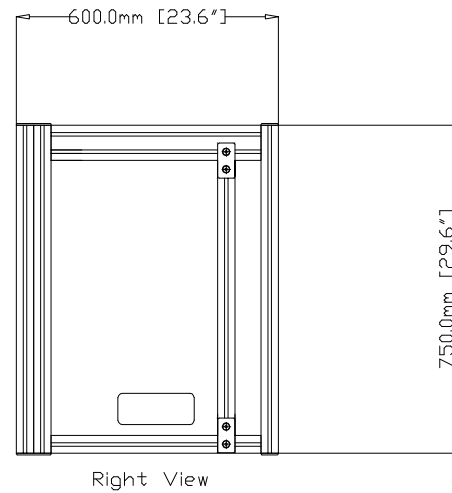

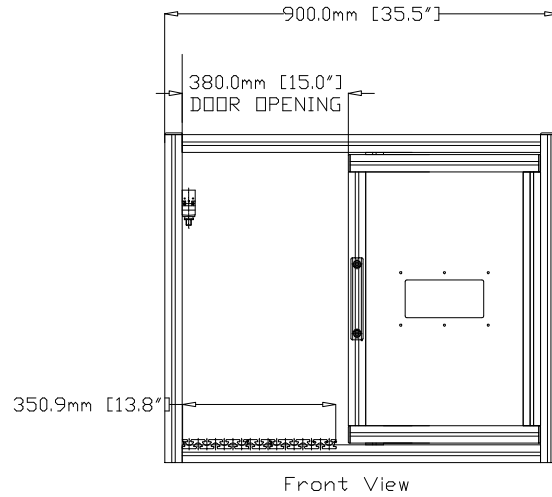

Features of the WK15:

- ▶ Lightweight, compact desktop enclosure
- ▶ Class 1 safety certified with interlocks, labels, pendant w/key start and safety viewing window
- ▶ Front sliding part loading door and one (1) service access door
- ▶ One-plug 115VAC operation
- ▶ T-slot worksurface
- ▶ Fixed, manual, power or fully programmable automatic z-axis focal height adjustment
